WELCOME TO

# 40 Days to Launching a Business You LOVE

**Are you ready to be an entrepreneur?**

**Do you have what it takes to be successful?**

LYP40 is a 40-day action-packed program that includes Live Online Workshops, Weekly Hangouts for Personalised Support & Brainstorming!

- You never have to work alone.
- You need to stand by your idea, and put in the work.
- You need to be confident in your own vision if you want to succeed. You must have the belief and conviction to proceed even if others around you doubt your idea is essential.
- You need to figure out who your core audience is.
- You need to set goals and evaluate short-term achievements

Remember that persistence is not taking "no" for an answer. It means carrying on with your convictions. It means deciding to take a leap of faith to pursue something that you know can transform the life and fortunes of others.

**Success doesn't happen overnight. It requires regular fine-tuning and commitment.**

To your work-life balance and success!
